MEMORANDUM

TO: VLBA Members

FROM: H. Hvatum

Here is an update of the VLBA "membership", working groups, and meeting schedules.

Note the following change in the Coordinating and Scientific meeting for April:

The April 8th meeting has been RESCHEDULED to-

<u>DATE</u>	<u>TIME</u>	<u>NEW TELEPHONE NO.</u>
April 6	1330 EST	(203) 797-9080

There is a new group, Operations, chaired by Carl Bignell. The purpose of this group is to look into the operational aspects of the array and make sure we don't design a system that can't be operated.

Several new names appear on the VLBA membership list. I leave it to the reader to find out who they are. At the last count, there are 67 individuals involved in the VLBA effort, which seems to be a reasonable approximation to "everybody in VLBA."
