

National Radio Astronomy Observatory

Green Bank, West Virginia

October 26, 1981

To: H. Hvatum

From: K. I. Kellermann

Subject: VLBA Working Groups

I list below possible Working Groups to develop the Array Proposal:

Scientific Background and Goals: Kellermann, Walker, Cohen
Readhead, Moran, Reid, T. Clark

Configuration: Walker*, Benson, Cotton, Cohen

Record System: Escoffier*, Lacasse, Rayhrer, Yen, Hinteregger

Front End System: Balister*, Moore, Napier, Lacasse

Control System: Weinreb*, Burns, B. Clark, Ewing, Rogers

Processor: B. Clark*, Escoffier, Shalloway, Walker, Ewing,
Rogers, Reid, Fort

Post Processing: Ekers*, Walker, Cotton, Benson, Pearson, Mutel

Operation & Management: Hvatum*, Kellermann, Napier, Bignell,
Ekers, Cohen

Antennas: Hvatum*, Horne, Wong, King, Findlay, Swenson,
(JPL)

Feed System: Napier, Fisher, (JPL)

Local Oscillator: Weinreb*, Moore, Knowles

I have indicated where appropriate possible outside participation. Asterisks note suggested chairmen.
