

CALIFORNIA INSTITUTE OF TECHNOLOGY

TO VLBA Correlator Group
 FROM Martin Ewing
 SUBJECT Correlator Memo Series

DATE September 29, 1983

I anticipate a considerable memorandum blitz for this new project, so it will be worthwhile to establish a new memo series, separate from the "mainline" VLBA memos which many of you have been receiving. I hope that nearly all correlator communications will be sent to:

L. Soha
 Caltech 105-24
 Pasadena, CA 91125
 (213-356-4973)

for inclusion in this series..

The initial distribution is as follows. Anyone else may subscribe or cancel his subscription.
