VLB ARRAY MEMO No. 165

National Radio Astronomy Observatory

Charlottesville, Virginia

January 13, 1983

To: VLBA Working Groups

From: K. Kellermann, H. Hvatum

Subject: Meeting on February 9

On February 9, 0930 EST, there will be a joint meeting of the VLBA Scientific and Coordinating working groups in Charlottesville. This meeting is organized mainly as a face-to-face affair in Charlottesville and will not be accessible via the usual teleconferencing system. However, we plan to connect the conference room at the VLA site and those who are there are invited to eavesdrop.

Agenda items include:

- 1) The Canadian Connection
- 2) The Space Connection
- 3) The array configuration and site selection
- 4) Optimum number of I.F. channels

Let Ken know within the next week if you have any other items you want to see discussed.
