**VLB ARRAY MEMO No. 272**

To: Kenneth I. Kellermann  
From: William E. Carter  
SUBJECT: Mauna Kea as a VLBA Site (Re: VLBA Memo 267)

From my nearly 4 years of experience of living and working in Hawaii, including several working visits to Mauna Kea, I tend to agree with B. Burke, i.e., that Mauna Kea is probably the best location for the Hawaiian VLBA station. I will not go into detail, as I think that Bernie's memorandum covers the primary points quite well.
