

NATIONAL RADIO ASTRONOMY OBSERVATORY  
Charlottesville, Virginia

January 24, 1984

TO: VLBA Members  
FROM: Carolyn  
SUBJECT: Correction on VLBA Memo No. 309

There is an error in the 2nd paragraph under Antenna Location in VLBA Memo No. 309. It should read,

"The Western summit named Puu Poliahu is currently empty. It is only ~ 100 ft lower in elevation than the East Ridge and far enough to the west so as to pose no problems for HA coverage to the East."
