

VLB ARRAY MEMO No. 82-A

ERRATA: GLOBAL FRINGE SEARCH TECHNIQUES FOR VLBI*

Frederic R. Schwab

April 1982

1. On page 2, the definition of F_{ij} is in error. The correct expression is $F_{ij}(t, \nu) = \sum_{k, \ell} \delta(t - (t_k - t_0), \nu - (\nu_\ell - \nu_0)) \hat{V}_{ij}(t_k, \nu_\ell)$.
2. On page 13 in the 9th line from the bottom $x^T Gx$ should read $x^T Gy$.
